

MAYOR AND COUNCIL WORKSESSION

NO. 6

DEPT.: Public Works

DATE: December 8, 2004

CONTACT: Larry Marcus

SUBJECT FOR DISCUSSION: Town Center Roadway
Capacity Analysis: Session #3

ORDER OF DISCUSSION:

1. Review of Outstanding Issues from Sessions #1 and #2
2. Overview of Top Ten Worst Intersections
3. Discussion of Potential Solutions, From a Technical Perspective
4. Next Steps

GENERAL DIRECTION SOUGHT AND SPECIFIC QUESTIONS TO BE ANSWERED:

The purpose of the worksession is to (1) update the Mayor and Council on the progress of the capacity analysis, particularly related to solving congestion problems resulting from the already approved but not built developments in the Town Center, (2) present the technical solutions to relieving congestion at these locations, (3) seek guidance from the Mayor and Council on the feasibility of constructing the intersection improvements, and (4) discuss next steps in balancing the land use and transportation plan for the Town Center.

Staff will present the following items: (1) answers to the questions posed at the October 25 worksession, (2) a diagram of the highly congested intersections with potential solutions, (3) traffic simulations illustrating the relief gained from the improvements.

LIST OF ATTACHMENTS:

Staff has not received the attachment material from our consultant at this time. Materials will be delivered to the Mayor and Council on Thursday, December 9, 2004.
